STUDENT AND PARENT INFORMATION BOOK

Willard School District

Student Focused | Strongly Connected | Success Driven

The Purpose of Willard Schools

In order to make our mission statement a reality, the Willard School District has adopted the following four goals

1. The Willard School District will increase student learning as evidenced by local, state, and national achievement levels.
2. The Willard School District will recruit, train, and retain high quality administrators, teachers, and support staff.
3. The Willard School District will enhance and improve community and parental support.
4. The Willard School District will establish, maintain, and plan for adequate facilities, resources, and materials.

Willard Intermediate Vision Statement

The vision of the Willard Intermediate School community is to provide a safe, nurturing, culturally diverse environment which will promote intellectual curiosity, critical thinking, academic excellence, literacy, and character in students, while inspiring each student to achieve his or her highest potential.

In order to achieve our vision of the learning process:

- STUDENTS will actively participate in their learning by thinking critically and pursuing academic excellence while demonstrating respect of self, others and property.
- PARENTS will encourage, support, and be actively involved in their child's education and provide a safe and wholesome home environment.
- TEACHERS will create a culture of continuous learning by keeping abreast of current educational developments through high-quality professional development while encouraging, challenging, and engaging each student within a safe and respectful environment.
- WILLARD INTERMEDIATE SCHOOL community will create an atmosphere that promotes self-control and self-discipline, provide enriching extracurricular activities and ensure community involvement in decision-making and policy to create a shared responsibility for student success.
- WILLARD SCHOOL DISTRICT will provide state of the art equipment and facilities for a technologically enriched, comprehensive and challenging educational experience relevant to the needs of the twenty-first century utilizing the highest curricular standards and up to date supplies and materials.

SCHOOL ATTENDANCE

Regular attendance is essential in establishing a good teaching and learning environment. In the event of an absence, parents are required to call the office by 9:00 am. Calls for parents or guardians only establish the whereabouts of the student. Calls do not excuse the absence. **You can ensure that your child's absences are verified by providing the following:**

- Doctor/dental note verifying appointment or treatment**
- Proof of hospitalization**
- Evidence of attendance at funeral**
- Visits with a parent or legal guardian who is an active duty member of the military**

There is no such thing as a completely excused absence, as all absences will affect a student's educational experience to some extent. It is strongly suggested that students' parents schedule special family events in conformity with school breaks.

Students will be allowed to miss no more than 7 days per semester before school and/or other agencies begin interventions. Documented illnesses or physical conditions that limit attendance will be considered verified absences and will not cause these interventions to take place. The attendance interventions are outlined on the following page.

HIERARCHY OF ATTENDANCE K-6

ABSENCES

ACTION TAKEN

- If no parental contact, call from the attendance monitor

15 unverified absences per year

- A committee of school personnel may be formed to look at reasons for the absences and whether or not the child should be promoted or retained the following year.

*For extenuating circumstances regarding absences, appeal forms are available in the building office. Vacations will not be considered for the appeal process.

VISITORS

In order to promote good communication and assist with the orderliness of the school day, all adults are required to check in upon arrival to the main office. Student visitors will not be permitted during the school day. All visitors are required to report upon arrival to the main office, sign in and obtain a visitor pass, and sign out before leaving.

MAKEUP WORK

When Students Are Absent From School:

- 1. Parents are to call the school before 9:00 A.M.**
2. Students are expected to make every effort to make up missed work assigned by their teachers. Students will have 2 days for each day absent from the date of their return to school to turn in work for full credit. In the case of an extended illness, cases will be handled on an individual basis at the discretion of teachers and administration.
3. Students will not be given class work prior to a known absence.

CHANGE OF ADDRESS

Parents should notify the office of the school attended immediately upon any change of address and/or phone numbers. Families must reside within the boundaries of the Willard School District in order for their child to remain a student of the district. If families are found to be living out of the district, they will be notified by letter of a deadline in which they shall transfer their child to the appropriate school. Any attempt to falsify student records in regard to address may be prosecuted as a Class C misdemeanor offense.

PLACEMENT OF STUDENTS

Class placement is made by the building principal or designee. A child's work habits, social traits, past achievements, and teacher recommendations are all important factors which are considerations in regard to placement.

WITHDRAWAL FROM SCHOOL

As soon as a parent/guardian knows their child will be moving from the district, they should notify the office to ensure that all bills are paid and books returned. In order to make a smooth transition to your new school, parents are encouraged to come by the school office to complete the withdrawal of their child.

PROMOTION OF STUDENTS

Students are promoted to the next grade level on the basis of general achievement in all subjects carried during the year, and based on satisfactory attendance. When a student has decidedly low or falling marks in two or more of the basic subjects, their case will be reviewed by teachers, the counselor, and a principal. A conference with parents will also be necessary and will be a major consideration in deciding if a student will be promoted. Summer school may be given as an option to improve their knowledge of subjects they failed during the regular school year. The final decision will be that of the principal, based on what will best serve the student's interests.

GIFTED PROGRAM

This program is designed to meet the needs of students having met established criteria. Gifted classes will meet one day per week. Curriculum standards and guidelines are reviewed by the board for effectiveness and changes are made yearly.

ARRIVAL AND SCHOOL DISMISSAL

Students are not to arrive or be in the building prior to 8:10 unless they are enrolled in the Tiger Paws Program or participating in a school sponsored activity. At the end of the day, students not riding the bus are to be picked up promptly. In case of a weather emergency, or other situations which might necessitate students being dismissed early from school, every attempt will be made to alert parents through the media, however, parents should ensure in advance that their child has a procedure to follow should this situation arise.

There are many after school opportunities for students, including tutoring and clubs. Each group will have a designated pick-up time which students need to communicate to parents. Students must be picked up punctually; failure to do so may cause students to be denied further participation in these opportunities.

Parents who need to change their child's after school arrangements are requested to do so before 2:00 pm. Due to the volume of calls in the office, calls placed to change arrangements late in the day add to confusion and run a higher risk of miscommunication. If a student is to leave school prior to the end of the day the parent or guardian is required to sign them out in the office. This is to document the time and specific person they are leaving with.

CONDUCT AT SCHOOL

The following are considered inappropriate behaviors which could warrant a disciplinary referral dealt with through the principal's office:

Assault/Fighting	Bus Violations	Cheating
Computer Violations	Defacing/Destroying property	Threats of Violence
Disrespect	Disruptive behaviors	Dress Code Violations
Drug/Alcohol Violation	Excessive Absences	Food/Gum/drinks in class
Forgery	Harassment	Horseplay
Leaving area w/out permission	Lunchroom behavior	Profanity
Sexual harassment	Pushing/Shoving/Scuffling	Theft
Tobacco use	Truancy	Unnecessary items
Bike/Skates/Skateboard Violation	Weapons violation	Homework/class work not done
Bullying/Cyberbullying	False Alarms	Vandalism
Unauthorized entry	Arson	Gambling
Public Displays of Affection		

Consequences for the above offenses may include a warning, lunch detention, loss of recess, in-school suspension, after-school detention, or out-of-school suspension, depending on the frequency and severity of the offense. Each office referral is handled in a confidential and individual manner.

Recess

All Intermediate School students will be given the opportunity to participate in a 20 minute recess every day. If the weather outside is not favorable, students will participate in an indoor recess of comparable time. Students will go outside for recess if the temperature is above 32 degrees F with a wind chill above 28 degrees F. Additional recess time may be given as a reward/incentive at the discretion of the teacher. Recess time may be taken away from individual students if class-work is not current or for documented inappropriate behavior.

Peer Ambassadors

Peer Ambassadors are a peer and teacher chosen group of 6th grade students who assist in mediating conflicts between students. Mediations help our students learn to communicate and compromise. Mediations also help solve potential problems quickly, to help prevent the problems from becoming discipline issues.

Any staff member or student can refer a student to peer mediation. Referrals may remain confidential or the referring person can indicate they want the student(s) to know who they are.

Monday Physical Fitness

All Willard Intermediate students will participate in a physical fitness program each Monday. The purpose of this program is to promote healthy eating habits along with encouraging physical activity. Each student will track their progress in several fitness categories over the course of the school year. This information will be provided to parents along with their grade report each semester.

Late Start due to Inclement Weather

The late-start will only affect Middle and High School students adjusting the school start time two hours later than the regular schedule. This late-start schedule for secondary students will allow temperatures to warm, snow removal and/or better road conditions for young drivers, between 6:00-8:00 a.m. If a late-start decision is made, all secondary bus routes will run 2 hours later than normal, with school starting two hours later than normal. The decision to implement a late start will be made and announced by 6:00 a.m. through media services such as radio, television and internet. If a late start is implemented, the dismissal time for Middle School and High School will be at the regular schedule.

K-6 students will remain on their same bus schedule and school start times. With better road conditions and temperatures after 8:00 a.m., and the driving experience of parents, schools can continue a regular schedule, decreasing the concern for unforeseen, early morning babysitting issues and adjusting parent work schedules.

Incomplete Work

Students are expected to complete and turn in all work assigned in class. Failure to do so is not only detrimental to the student's grade, but is also an inaccurate reflection of the students learning. If an assignment is not turned in at the time it is due the student will be assigned a recess detention and will be required to work to complete the missing assignment during this time. If after two days in recess detention the assignment is still not complete, the student will be referred to the office. After school detention or time in in-school-suspension will be assigned based on the time needed to complete the assignment.

Tutoring

Before and after school tutoring will be available for students every Tuesday and Thursday. Students may be required to attend tutoring sessions based on their recent academic achievement. Mandatory tutoring may be assigned by a team teacher or principal. If parents are interested in having their child attend tutoring, pre-arrangements should be made with the student's homeroom teacher.

Parties

It has been customary to have classroom parties at Fall Harvest, Christmas and Valentine's Day for Intermediate students. PTO sponsored homeroom parents are invited to assist the classroom teachers in the preparation of each party. The exact dates of each party will be announced at school. Parties for any other occasions must have advanced approval of the building principal, and should not exceed a total of three room parties per year. Birthday recognition will be very short with treats being handed out at the end of the day. WIS will not provide utensils or cups/ plates for serving birthday treats. **All food items brought to school for any occasion are to be store prepared, individually wrapped or store wrapped.**

* Birthday invitations for private parties will not be allowed to be passed out during school hours. If a parent wishes to send invitations, they must be distributed and put away prior to the start of the school day. Teachers are not responsible for handing out invitations.

Field Trips and Special Activities Policy

Field trips and other special assemblies and activities are not only considered an extension of the educational program, but also a privilege students earn through their work, attitude and behavior. Students may lose the privilege of participating in such activities for the following reasons:

- a. an established pattern of inappropriate behavior evidenced by numerous office referrals.
- b. referrals for aggressive or unsafe behaviors that could create a liability to the district off campus.
- c. a history of unsafe or inappropriate behavior on the school bus.
- d. a history of lack of effort or incomplete school work at the time of the activity.

Decisions on eligibility for trips or other special activities will be handled on a case by case basis. In some cases, it may be appropriate for parents to attend trips and assist in chaperoning students. Students are expected to ride to and from the trip on the arranged school transportation. Should a child leave a trip early, it must be with their parent or legal guardian. Students may not ride in private vehicles with friends. Children that are not students of Willard

Intermediate are not allowed on field trips.

STUDENT HEALTH AND SAFETY

To help ensure that the school premises are as safe as possible for all students, there are some guidelines which all students should follow. Students walking to school should walk on the sidewalk or facing traffic and cross Farmer Road at the crosswalk. Students riding bicycles to school should park them in the rack provided for this purpose.

1. Students should not bring footballs or baseballs/bats to school.
2. Skateboards, roller skates, in-line skates, or skate shoes are not allowed at school.
3. Electronic devices such as handheld games, media players, cameras, etc. should not be brought to school without prior approval. If cell phones are brought to school they should be turned off and put away from the time students enter the building until either on the bus to go home or picked up by their parent. Failure to do so will result in the phone being confiscated and turned in to the office. **The school will not be responsible for the investigation of the loss or theft of any such items.**
4. Students are not to bring to school pets, snakes, spiders, etc. unless requested by the teacher and have advance approval by the principal. No such items shall be transported to/from school by bus.
5. Water guns, knives, lighters, matches, glass containers, and guns/ammunition of any type are not to be brought to school.
6. Students are not to leave school grounds without permission.
7. Students are not allowed to use or possess tobacco, alcoholic beverages, or drugs (prescription or non-prescription) except as outlined below for medical reasons. This includes imitation drugs or imitation tobacco.
8. No chewing of gum is allowed at school.
9. Laser pointers should not be brought to school, on the bus or to any school district activities.
10. Toys and other unnecessary items should not be brought to school.
11. There should be no selling or trading of items by students.
12. Energy drinks such as Monster, Rockstar, NOS, etc. are not to be brought into the building or consumed by students during the school day.

STUDENT DRESS GUIDELINES

Willard School District has established Student Dress Guidelines to inform students and parents of appropriate clothing and accessory items to maximize the educational process and minimize distractions. A student's clothing, apparel and/or accessories are not to jeopardize anyone's health or safety, nor cause a disruption to the teaching/learning process. The following guidelines will apply:

1. No halter-tops, tube tops, tank tops, midriffs, shirts with bare sides, or see-through blouses/shirts may be worn. No clothing with spaghetti straps or such straps that may display any parts of undergarments may be worn. No excessively tight or incomplete clothing may be worn.
2. Muscle shirts and mesh jerseys may only be worn over shirts.
3. Pants will be worn appropriately and at the waistline. Shorts and skirts are to be appropriate length as measured by the hem of such item being at least the same length as the student's fingertips when arms are at side in natural manner. No pants may be worn with holes or tears above the knee. Underwear may not be worn as outerwear or exposed to view. Leggings/ yoga pants should be worn with a skirt or long shirt that covers the students bottom.
4. Appropriate footwear must be worn at all times.
5. Students may not wear shirts, jackets, or other items with profanity, alcoholic beverage logos, drug references, sexual innuendoes, or satanic inferences. Clothing that promote vulgarity/insensitivity to any nationality, ethnic group, or gender is prohibited.
6. Students may not wear caps, bandanas, gloves, or sunglasses in the building. (Exceptions may be made for school-sponsored special activities such as School Spirit Week)
7. Excessive piercings which are distracting in nature are prohibited, as determined by administration.
8. No gang-related colors, tags, symbols, or apparel will be permitted.
9. Any apparel that could cause injury to others will not be permitted. Examples: wallet chains, extreme rings, necklaces, or spiked bracelets, etc.
10. Face painting, excessive make-up, writing or drawing on the skin, and distracting hair color or hairstyle are not allowed at school. Costumes are not to be worn to school. (Exceptions may be made for

school-sponsored special activities such as School Spirit Week).

STUDENT MESSAGES AND BUS PASSES

School phones are quite busy with the transaction of school business and students are not allowed to use the telephone unless it is deemed an emergency. Please help us by not calling to give students telephone messages unless it is a necessity. Messages to change your child's end of day arrangements must be received **before 2:00 p.m.** to ensure time for the message to be delivered.

Students may ride only the bus to which they have been assigned. *Permission must be obtained from the transportation office (742-2506) to ride any other bus or to get off at a location other than the regular stop.* Permission will be granted only if the driver is not fully loaded with regular bus route students. Permission will not be issued through the Intermediate Office without prior authorization from the transportation office.

HEALTH SERVICES

Willard Schools is served by registered nurses (RN) and licensed practical nurses (LPN). Students who become ill or are injured will be allowed to visit the nurse's office. When the nurse is not in, the student should report to the building office.

The school nurse also serves as the health counselor for our school. She has a vast resource of health services which are available to our students.

IMMUNIZATION REQUIRED FOR SCHOOL ATTENDANCE

As mandated by law and the Missouri Department of Health, it is against the law for any child to attend school unless the child has been properly immunized or the parent/guardian has a written medical exemption from a licensed physician or a religious exemption. This properly written exemption must be on file with the school's nurse or administration. This includes students who transfer from another school district. It is the responsibility of the parent to keep the school informed as to updates on immunization records. **CURRENT IMMUNIZATION IS REQUIRED.***

* To remain in school, students "in progress" must receive immunizations as they become due. All immunization records must be documented with day/month/year. If there are any questions, please call the nurse at the building your child attends.

ADMINISTERING MEDICINES TO STUDENTS

With the exception of students in special education programs, or those with Section 504 Accommodation Plans, the school district is not obligated to supply or administer medication to children. However, the Board recognizes that some students may require medication for chronic or short-term illness during the school day to enable them to remain in school and participate in their education. Therefore, the Board directs the superintendent and nurse supervisor to establish procedures for the administration of medication for any student provided the following requirements are met. Administration of medicine will be the responsibility of the school only if the School Board's Student Medication Policy is followed. Questions regarding further explanation of the Student Medication Policy may be directed to the principal or the school nurse.

The administration of medications, including over-the-counter medications, are nursing activities which must be performed by an RN or LPN. A licensed nurse may delegate and thereby will supervise the administration of medication by unlicensed personnel who are trained by the nurse to administer medications. The school will not administer any medication not FDA approved or doses exceeding the recommended dosages.

Prescription Medications:

The student's physician shall provide the school with a written request that the student be given medication during school hours. The request must contain the following:

- The name of the student
- Name of the drug and dosage
- Frequency of administration
- How the medication is to be given

- Doctor's name
- The prescription label will be considered an equivalent of the physician's order for short-term medication. When possible, descriptions of any adverse effects and any applicable emergency instructions will be provided.
- The parent/guardian will complete a medication administration in the nurse's office. The district will not administer the first dose of any medication.
- The parent/guardian will supply the medication in a properly labeled container from the pharmacy with only those doses to be given at school, and with instructions for any special need for storage, e.g. refrigeration. The medication will be delivered to the school by the parent/guardian or other responsible adult.
- Medication supplies should not exceed a 30-day supply.
- If there is a circumstance where the parent or guardian is absolutely unable to transport the medication to school, then the student will be allowed to transport the medication to the school nurse immediately upon arrival to school.

Self Administration of Medications:

If a student's parents provide the school a written signed request and a physician's statement indicating it is medically necessary for the student to carry certain medication (e.g., asthmatics' bronchodilator), then the student will be allowed to keep the specified medication with him or her to facilitate use. In such instances, the district does not assume responsibility for the medication or the student's use of it. If a student who is allowed to carry medication with him/her is found to be abusing the district guidelines for appropriate use, then the student shall lose the right to carry medication and discipline will be assigned if necessary.

Emergency Medications:

The school district obtains a prescription and standing order from an area physician for an emergency medication containing epinephrine and/or an antihistamine for use in the event of anaphylaxis. If symptoms of anaphylaxis occur, the medication will be administered according to the instruction and events documented.

- A specific order from a student's physician for the treatment of anaphylaxis in that particular student will be followed for that student instead of the general standing order.

Emergency bronchodilator (inhaler) will be available in the nurse's office for those who have a bronchospasm and do not have access to their own inhaler.

Topical and external products (e.g., Calamine, Hydrocortisone, Oral gel, antibiotic ointment, etc...) may be used to relieve minor discomfort in the absence of other significant symptoms.

Over The Counter (OTC) Medication - School Personnel do not provide any OTC medications at any time

- To protect the student's health and well-being, medications being used inappropriately or those in unlabeled or improperly labeled containers or without appropriate instructions for administrations may not be given at school.
- Over-the-counter medications for colds, coughs, headaches, etc., will be given for one week ONLY, unless prescribed by a physician when accompanied by a written request from the parent or guardian. This request MUST include date, dosage and time medication is to be given. All medicines must be properly identified and in manufacturer's' package.
- All remaining medication MUST be picked up by a parent or designated adult or sent home with student one week after the final date, or it will be destroyed. The preferred method for transporting medicine to school, is for a parent or guardian to deliver the medicine directly to the school nurse's office. If a student must carry the medicine to school, they are required to deliver the medication to the school nurse's office immediately after arriving at school.

ILLNESS AT SCHOOL

In the event a student should become ill while at school, they will be referred to our school nurse. If the nurse feels the child needs to go home, parents will be contacted and are responsible for having their child picked up from school.

A current Student Health Form must be obtained each year. New students to the district must have these on file with the nurse before they start classes. Students should not attend school, and shall be sent home, when one or more of the following conditions exist:

Head Lice - No-Nit Policy: Students who have head lice/nits will be sent home. They are not to return to school until they have shown proof of receiving treatment and nit removal. All new students that enroll will go through a head lice screening the day of enrollment or before entering school. Head Lice is

considered a communicable disease. The school nurse will work closely with parent/guardian to give appropriate instruction on care of head lice. The Department of Health recommends each school district establish a “no-nit” policy. Reports to the Department of Family Services will be made after the 3rd occurrence, due to lack of parental compliance with this illness/communicable disease.

Scabies - Students will be sent home. They may not return until proof of treatment.

Chicken Pox - Students may return to school 7-10 days after the onset of the rash and when lesions are crusted.

Temperature - Students with a temperature of 100.0 will be sent home for at LEAST 24 hours or until free of temperature or temperature reducing medications, whichever is the longer period.

Strep Throat - Students having strep throat should be home on medication 24 hours before returning to school (must be fever free for 24 hours also)

Pink Eye - Students with symptoms of pink eye will be sent home. They may return to school when they have been on medication for 24 hours, or redness and drainage is gone, or have a doctor’s note.

Diarrhea/Vomiting- Student will be sent home if deemed a possible communicable disease issue, or if the child cannot function in the classroom. Students should be kept home 24 hours after last episode of diarrhea or vomiting before returning to school.

Communicable Diseases - Students:

A student shall not be permitted to attend classes or other school or other school-sponsored activities if the student is known to be afflicted with or liable to transmit any contagious or infectious disease unless the administration or its designee has determined, based upon medical evidence that:

1. The student is no longer infected or liable to transmit disease.
2. The student is afflicted with a chronic infectious disease which poses little risk of transmission in the school environment with reasonable precautions.

Any student permitted to attend school with a chronic infectious disease must do so under specified conditions. Each case shall be handled in an individual manner. Failure to adhere to the conditions will result in the student being excluded from school. Any student determined as having a chronic infectious disease and who is not permitted to attend school will be provided instruction in an alternative educational setting in accordance with district policy.

The School District has developed specific policies and procedures in section JHCCA of the District Policy Manual. These policies adhere strictly to State status and Department of Education guidelines. Disease outbreaks and control measures will be advised by the Missouri Department of Health.

Chronic Illness:

Any student with a chronic illness must have a physician’s written diagnosis and any other pertinent related information on file in the Nurse’s Office. If a student has diabetes, a diabetic management and treatment plan from a physician MUST be on file before the student attends school.

Surgery:

It is the student/parent’s responsibility to notify the nursing staff if the student has any surgical procedure. Before returning to school after surgery, student MUST have a physician’s release that includes, may return date and any restrictions student might have.

BREAKFAST AND LUNCH PROGRAM

The school district provides nourishing, well balanced breakfasts and lunches for students at a nominal price. (Prices will be established and announced at the beginning of the year.) Students may charge only with special provision made through the office. Drinks brought to school are to be sealed and in their original containers. Parents are discouraged from bringing restaurant food to school for their child. If restaurant food is brought in by parents, they will be asked to eat such food in a different area.

MILK

Students bringing their lunch may purchase milk to drink if they so desire. Students bringing beverages to accompany their lunch should bring them in unbreakable thermos bottles or other similar containers. No glass containers should be brought to school. No containers will be allowed to leave the cafeteria after lunch and must be disposed of at the end of the lunch period.

RULES AND SAFETY REGULATIONS FOR THE TRANSPORTATION OF PUPILS

The primary purpose of setting forth minimum regulations for pupil transportation is to encourage and provide for the greatest possible safety of all pupils riding the bus. It is a privilege for pupils to be able to ride the bus. Standards of conduct while on the bus are under the supervision of the school authorities. Bus drivers will report student misconduct and disciplinary issues to the school principal. Classroom conduct must be observed by the pupils while riding the bus. Conversation by students are to be courteous and in low quiet voices.
